### Summary of mailing costs:

1. One to four people on the same transaction wishing to mail to the same delivery address = \$15
2. Five to eight people on the same transaction who want mailing to the same delivery address = \$30
3. Nine to ten people wishing to mail on the same transaction to the same delivery address = \$45
4. Postal mailing fees are linked to an address. It is therefore quite possible to pay the mailing for yourself and add additional postage fees for each person in your shopping cart so that each bib is sent to a different address.
